PREFACE

Schools in Manitoba/Écoles du Manitoba is a comprehensive listing of all schools, school divisions and districts. The listing includes teacher and student numbers for each school. Fax numbers are included for those school divisions and districts who wished to have them printed.

In addition to teacher and student numbers for each school, an aggregate count by school division or district is provided.

A key to the listings is printed below. School codes and MINET account numbers are provided. The school code assigned to all schools by Manitoba Education and Training should be used as a reference number in all correspondence between schools and the Department. Programs offered in schools such as English, Français, French Immersion and Heritage languages are also identified.

To accommodate frequent requests, school division listings include the number of elementary and secondary schools. For convenience, elementary schools have been arbitrarily defined as K–6 schools and secondary schools as 7–Sr. 4 schools. As a result, the number of elementary and secondary schools does not necessarily correspond to the total number of schools in a division or district since schools offering K–Sr. 4 are counted both as an elementary and a secondary school.

This directory was compiled from information submitted by school divisions and districts in September, 1990, and reflects that data as accurately as possible.
